member receives the highest  
and most experienced  
level of care.*

### **Mission Statement**

LifeStream, Inc. provides community-based services throughout Southeastern Massachusetts that promote personal dignity, independence and the removal of barriers through the provision of individualized support and education.

### **Guiding Principles**

Those we serve have access to quality resources and opportunities to develop their potential and achieve their dreams. Therefore, we actively oppose prejudice and intolerance, celebrating the value in all people regardless of their abilities, appearance or beliefs. LifeStream strives to contribute to each neighborhood where we reside. Furthermore, we work diligently to be a fair, thoughtful and supportive employer. Also, LifeStream maximizes public and private resources, maintaining its commitment to quality services.

# Clinical Services

## Overview

LifeStream, Inc. was founded in 1976 by a group of concerned parents seeking better care for their adult children with developmental disabilities.

LifeStream has grown to become one of the premier non-profit human service organizations in southeastern Massachusetts. Despite our growth, we are still committed to the early vision of those parents who fought so hard to enrich the lives of their children.

### *Our core services include:*

- Community residences for those needing 24-hour supervision and a greater degree of support
- Services for those living on their own but requiring individualized support to maintain their independence
- Residential options for individuals who cannot safely live alone and want the comfort of a home environment
- Day Support services for adults with disabilities
- Employment & Training programs to assist economically disadvantaged people find and maintain career employment
- Autism services for children and adults
- Services for those with Acquired Brain Injury and Traumatic Brain Injury
- Clinical Services to optimize the health and well-being of the individuals we serve

## Clinical Services

LifeStream has a long history of providing an extensive array of services as part of our holistic approach to meeting the needs of those we serve.

### *Clinical Services include:*

- Psychology Services: assessment of emotional and behavioral needs, positive behavior support planning, oversight of psychotropic medications
- Nursing services: close monitoring of health needs, coordination of inpatient and outpatient services
- Occupational Therapy: adaptive equipment, sensory motor development
- Physical Therapy: increasing endurance, gross motor skills, stretching
- Speech Therapy: expressive and receptive communication, augmentative communication, voice output systems, sign language, swallowing evaluation and dysphagia management
- Nutrition Services: individual nutritional consultation, specialized meal and menu planning

## Our Professional Clinical Team

LifeStream's diverse clinical team ensures that your family member is receiving the highest and most experienced level of care.

### *Our team includes:*

- Licensed Clinical Psychologist
- Licensed Neuro-Behavioral Psychologist
- Licensed Mental Health Counselor
- Licensed Clinical Social Worker
- Certified Autism Specialist
- Three full-time masters-level clinicians specializing in applied behavioral analysis and positive behavior supports
- Speech and Language Pathologist
- Physical Therapist
- Occupational Therapist
- Licensed Nutritionist
- Five full-time Registered Nurses and teams of Licensed Practical Nurses

In addition to touching every facet of our operation, our interdisciplinary team is available to assist outside human service agencies to enhance their abilities to meet diverse, changing care needs.
